

**RECIKLAŽNI CENTAR
BOŽIĆ I SINOVI**

Company Presentation 2015

A short introduction to Recycling center “Božić i sinovi”

ABOUT COMPANY

Company “Božić i sinovi d.o.o.”, is the first electronic and electric waste managing company in Serbia. It is a privat company with head office in Pančevo.

Recycling center, located in Omoljica near Pančevo, is specialized for recycling electronic and electrical waste. It is also, the only company in Serbia and in the region that is recycling fluorescent lamps and all kinds of light bulbs.

The Recycling center infrastructure consists of offices, warehouse, recycling and service area. It is a multipurpose equipped space, with a total area of approximately 4,000 square meters.

1985.

1996.

2000.

2006.

2012.

OUR HISTORY

1985.

“Božić i sinovi d.o.o.” is in the market for almost 30 years.
First 10 years of its activity, were based on the automotive industry.

1996.

The company has expanded its activities in the IT industry, and soon became one of the first Internet providers in Serbia (retail and wholesale).

2000.

“Božić i sinovi” launched a fast-growing software company “GOWI” (sister company).

2006.

Recycling center “Božić i sinovi” obtained the first license for recycling EE waste.

2012.

Since 2012. Recycling center “Božić i sinovi” is the first and only company in Serbia and in the region, licensed for recycling fluorescent lamps and all kinds of light bulbs.

SERVICES

WASTE MANAGEMENT

We provide waste management environmental services to residential, commercial, industrial, and municipal customers in Serbia. Company offers waste collection, transport, recycling and disposal services.

COUNSELLING IN THE FIELD OF WASTE MANAGEMENT

Our staff provides consulting services in the area of waste handling, recommendations for waste management daily record keeping, submitting the annual report on waste management to the Enviromental protection Agency. Staff training for completing daily records of waste etc. Ascertaining waste characteristics and their classification according to the valid Waste Catalogue. Monitoring legislative changes.

EXPORT

Export of hazardous and non hazardous materials, which currently can't be treated in Serbia for technological or other reasons.

QUALITY STANDARDS

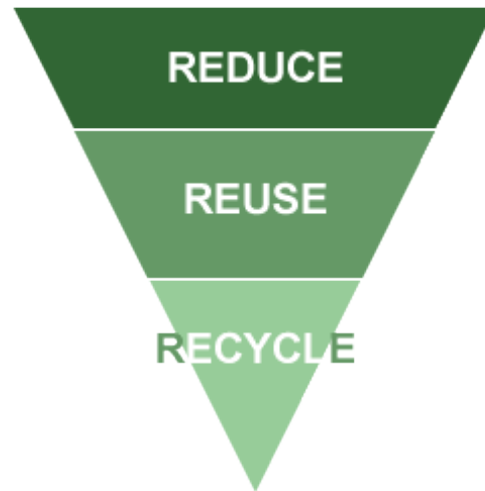

Recycling center “Božić i sinovi” is ISO certified:

- - ISO 9001 – QUALITY MANAGEMENT

- - ISO 14001 – ENVIROMENTAL MENAGEMENT

RECYCLING IN ACCORDANCE WITH 3R AND 4R CONCEPT

OUR VISION

By building a reputation as a reliable partner with a portfolio of high quality services, we strive to introduce new trends and habits, anticipate and create in collusion with the future, creating additional value for the company, customers and society in a sustainable manner, while integrating Serbian recycling industry in the European.

OUR MISION

Our mission, as a leading operator in Serbia in the field of EE waste, is to provide our quality services, adequate technical capacity and experience to improve the quality of life and to work for the welfare of the society in which we live.
